

**Circle Safety & Health Consultants
Richmond, Virginia
Occupational Safety & Health Specialist**

Circle Safety & Health Consultants, LLC (www.circlesafety.com) is seeking one or more experienced professionals to work in the Central Virginia area). This announcement is date May 1, 2007.

Circle Safety & Health Consultants is seeking one or more experienced safety and health professionals to provide management level consulting as well as on-site hazard auditing to our private and public sector clients. Candidate will manage safety and occupational health program elements. Specific tasks could include (1) developing or implementing programs to reduce the frequency, severity, and cost of accidents and occupational illnesses; (2) applying safety and occupational health laws, regulations, principles, theories, practices, and procedures to advise on or resolve technical matters dealing with occupational safety and health requirements; (3) inspecting or surveying workplaces, processes, products, or other systems for compliance with established safety and occupational health policies or standards and to identify potential new hazards; (4) designing or modifying workplaces, processes, products, or other systems to control or eliminate hazards; and (5) training of workers, supervisors, managers, or other safety and occupational health personnel in safety or occupational health subjects.

Candidate must have an undergraduate degree in a technical, scientific, or engineering discipline. *Candidate must also have five to ten years of related experience and knowledge* of federal, state, and local safety regulations as they apply to construction and industrial organizations. Excellent oral and written communication skills are required, as is the ability to work independently and supervise personnel.

If interested, please submit the following documents:

- cover letter explaining your availability
- up-to-date resume
- salary history
- technical writing sample
